The President's Budget Would Cut Funding for Amputee Coalition's National Limb Loss Resource Center – Voice your Concern

On May 23, 2017, the Trump Administration published a 2018 budget with drastic cuts including elimination of the National Limb Loss Resource Center, which the Amputee Coalition has operated since 1997. While this budget isn't final, it's important that our legislators hear from you about how these programs and services help people live well – and more independently – with limb loss and limb difference. The Amputee Coalition of America has crafted a message to send to your representatives in Congress. [Voice your concern here.](#)

AOPA Announces New Online Reimbursement, Coding & Policy Compendium

Co-OP
New Member Benefit

The Co-OP, an online reimbursement, coding and policy resource, will serve as a collection of concise, but detailed information with links to supporting documentation.

Includes:

- state specific insurance policy updates,
- Lcode search capability,
- data and evidence resources,
- and so much more!

Visit www.AOPAnet.org/co-op to sign up.

National Scoliosis Awareness Month

National Scoliosis Awareness Month takes place yearly in June with the goal of highlighting the growing need for education, early detection and awareness to the public about scoliosis and its prevalence within the community. The campaign also unites scoliosis patients, families, physicians, clinicians, institutions and related businesses in collaborative partnerships of local activities, events and grassroots networking throughout the month.

Wrap Up of the 2017 AOPA Policy Forum

The 2017 AOPA Policy Forum, held May 24-25, was another successful one for the record books. With the broader healthcare debate going on in Washington and across America, AOPA members came to DC to discuss the issues most important to them and their patients with their lawmakers.

The big story of the Policy Forum was the introduction in the 115th Congress of S.1191 and H.R. 2599, better known as the Medicare O&P Improvements Act of 2017. This bill, among other things, would separate O&P from DME, and allow orthotist's and prosthetist's notes to be part of the medical record for determining medical necessity.

The introduction of this legislation gave AOPA members a chance to tell a terrific story to legislators and Congressional staff during the more than 395 appointments arranged on behalf of the 100 plus O&P professionals and patients that donned their advocacy hats during the May 25th visits to Capitol Hill. In addition to lobbying for the O&P Improvements Act, attendees also requested support for additional funding for O&P research and education, support for the Veterans Bill of Rights, and a moratorium on the Draft LCD and all related lower limb audits.

Representative Brian Mast (R-FL), pictured on the right, was the opening keynote speaker for the Policy Forum, sharing his amazing story of losing both limbs as a bomb technician in Afghanistan, and his rehabilitation at Walter Reed. He reminded members of their value to patients like him, and set the stage for the advocacy briefings that followed throughout the afternoon program. Other members of Congress joining him for the briefings were Senator Bill Cassidy (R-LA), a physician, who [has emerged as a critical vote in the ACA Repeal-and-Replace efforts](#), and Representative Brad Wenstrup (R-OH), a doctor of podiatric medicine. The O&P PAC sponsored a lunch for Rep. Mast, a reception for Senator Cassidy and a breakfast for Rep. Wenstrup that were all well-attended and provided an opportunity for AOPA members to engage in serious conversations about the challenges facing O&P providers and patients in a personal environment.

The newest and exclusive AOPA member benefit, the Co-OP, was introduced at the Policy Forum. The Co-OP is an online reimbursement, coding and policy resource that includes a collection of detailed information with links to supporting documentation for the topics most important to AOPA members.

Stay tuned for more information from the 2017 AOPA Policy Forum and updates on current O&P legislation discussed during the Policy Forum.

O&P PAC Corner

The O&P PAC Corner provides information on the activities of the O&P PAC, including the names of individuals who have made recent donations to the O&P PAC and the names of candidates the O&P PAC has recently supported. The O&P PAC recently received donations from the following **AOPA** member(s)*:

- Jeff Brandt, CPO
- Rick Fleetwood
- Pam Lupo, CO
- Joyce Perrone

The purpose of the O&P PAC is to advocate for legislative or political interests at the federal level, which have an impact on the orthotic and prosthetic community. The O&P PAC achieves this goal by working closely with members of the House, Senate and other officials running for office to educate them about the issues, and help elect those individuals who support the orthotic and prosthetic community.

We would also like to thank those individuals who have recently donated directly to a candidate's fundraiser or to an O&P PAC sponsored event.

- Lisa Arbogast
